

Welcome to our 3T's 2020 Challenge

A challenge is anything that commands effort, which is used in creating art quilts. “Works of art” is defined as “artistic effort”. A book on happiness stated, show me a person who is creating something and you will find a happier person. I was hoping that the criteria for this challenge would make you happier.

In our title **3T's**, the first **T** is for **T**echnique new to you. The other two **T's** are for **T**wo **T**ypes of embellishments. An additional challenge is the rectangular shape. My inspiration was based on the concept that “Brain Health” is improved by trying something new. Embellishments are known to enhance a quilt, the rectangular shape idea came from the book *Visual Finesse*, which states that “the most beautiful and pleasing dimension for art is based on the golden mean which is a rectangle”.

It was a challenge to offer to be Challenge chairman, but with the support of Carol Hart, I offered. My thanks to her for helping to implement the various steps which accomplished our Challenge. Thanks also to our Sew It All's satellite group who will help hang the quilts in the future. Technical expertise and zoom help was given by Bonnie Barber, Susan Katz and Ranell Hansen. The slide show was created by Ranell Hansen and Carol Hart. Balloting was done by Sue Kadner.

I have enjoyed viewing your art quilts and hope you gained a lot from participating. Everyone's a winner when you challenge yourself. Yay, Coastal Quilters! Thank you. Now on to Carol.

Prizes for Participants

In appreciation for participating the top five place winners will receive a \$45 Guild Coupon, the other entrants a \$5 Guild Coupon which may be used to purchase guild offerings: a workshop, fabric, books, boutique. Your coupon will be arriving by mail.

Thank you so much for participating in our Challenge which gave us an opportunity to learn a new technique. Suzy and I congratulate everyone who participated.
