B. Committees

1. Programs/Workshops/Coffee Breaks –Susan Katz, Pamela Holst and Diana Hamilton

The above was discussed. Be sure to take a look at the webpage for information about these activities.

2. Election Committee- several committee members are working on this. All positions are available until the planning is completed. Members are encouraged to consider running for one of the positions. Ranell told the group of her great year as President and said that the team members do all of the work. It was fun. Karen said that she agreed that the presidency is like "conducting the orchestra." The ones playing the instruments do all the work!

3. Challenge-Bea Saunders

Members are encouraged to join the "21 item challenge." All of the information is on the website. Try to include as many as you can but "5 items" is the minimum. Also, if your items are hard to find, include info to help the judges find them.
