Bits & Pieces

First, a huge thank you to all who helped put together the Natural Impressions Show, especially Norah, Jan, Sharon, Colby, Judy, Sandi & Cathy. Norah kept the spirit going when there wasn't much interest or support and has worked unflagging on this project for almost two years. The hours logged by so many to organize, sell the idea to the museum league & guild members, design and make the anniversary quilt, attend meetings, plan, make phone calls, solicit help & advertising, write letters & news releases, deal with the media, paint, sell tickets, unpack, setup, docent, answer questions, help with all aspects of the auction, clean up, pack up, etc, etc, etc are innumerable. **THANK YOU ALL!!!!!!**

Viewing the quilts from the museum show, I am in awe of the talent and imagination of these artists. Creativity and a sense of wonder are richly apparent as the quilters explore life and all its foibles interpreted in the wonderful medium of fiber arts and its variations. What a variety!

What a treat at lunch to enjoy the sense of humor of Susan Cochran's quilts that were on exhibit at the Santa Barbara Bank & Trust last month.

### MAY MEETING

Tonight will be the wrap of the show - with slides. How did we do? Attendance? What were the viewers favorites? Also for fun will be the silent auction. Signup sheets will be passed around for the two upcoming workshops.

### BLOCK OF THE MONTH

With all the preparations for the show, this month's block, the May basket has been extended to next month (maybe a June bride's basket?).

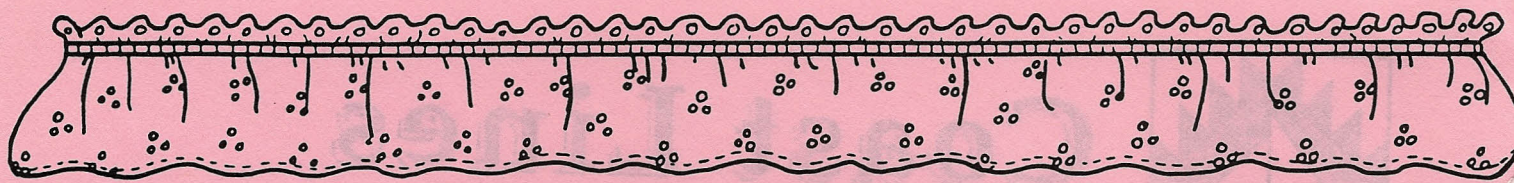

### UPCOMING WORKSHOPS

There are still openings for the Nancy Whalen workshop in June as well as signups for Katie Pasquini's workshop in July. Please sign up at the May meeting or call Jan Inouye (962-3498).

### JUNE WORKSHOP

"Tucks & Weaves" by Nancy Whalen-McKinney on Thursday, June 13th, 9:00 - 3:30 at the Goleta Community Center, \$25 for members. This workshop will show the student how to manipulate fabric into pleats, tucks and weaves for textural surface effects which can be used to start a clothing piece such as a jacket or vest or as a working technique sampler. You need to sign-up with Jan Inouye.

July Workshop: Results from vote taken for Katie Pasquini workshop offerings indicate an interest in the ISOMETRIC class. The outcome tallied at 10 for the 3-dimensional workshop; 15 for the isometric; and 21 for either. Sign-ups will be at our May meeting. This will be our first Saturday work scheduled for July 13th at the Goleta Community Center.

### JUNE MEETING

Nancy Whalen McKinney will give a lecture and slide show on "Wearable Art".

July 10: Katie Pasquini will give a talk, topic to be announced. This fiber artist has traveled worldwide teaching contemporary quilt design, and she lectures in an easy but energetic manner. Katie's quilts have won many awards, including Best of Show at the Houston Quilt Festival in 1982 and 1986.

August 14: Presentation of the Hoffman Challenge Clothing Collection. These garments were all made using the 1990 Hoffman Challenge fabric, a teal jungle print featuring just a hint of zebra.
