## Annette Kennedy: Possibilities With Paint

Annette will give a brief personal history about how she came to make quilts from photos and started painting on them. There will be a slide show of pictorial quilts before they were painted on and what effect (details, shadows, depth) was achieved with fabric paint. She will also show samples of painted fabrics, commercially printed and on PDF (prepared for dying) fabric. [www.annettekennedy.com](http://www.annettekennedy.com)

**If you want to enhance your year ahead in the guild I have a recommendation.** It's been said before, if you want to get to know guild members better one super way to become acquainted is to take a turn as an officer or committee member. We four serving this term have enjoyed our time together very much, not only while working in the guild's Community Quilt storage locker, but also because of the interaction with members during meetings at our CQ table. Do consider becoming a Community Projects Chair. Association with the various charities is very touching and so appreciated. Another benefit being on this committee has been that while working in the storage locker as we assembled kits. This experience increased our knowledge about color and quilt strategy and how to plan yardage and arrange blocks, borders, etc. for quilts.

## Friends of the Arts

Entry forms and fees are due April 19 and shipped entries are due May 17

## Apr. 12 Workshop: Painted Fall Leaves

Learn how to take a ho-hum quilt and make it fabulous with the addition of a little paint.

## Community Quilts

**Many thanks are due.** Several donations lately have increased the guild's fabric stash, providing us a wider choice for kit preparation and also for selections to offer the ambitious class members in Marty Frolli's Charity Quilt class. We appreciate the time, creativity and concern guild members in class and at the meetings have shown throughout the years for the recipients of our causes. The additional stimulation the class creates will surely enable us to meet our goals. We may be able to deliver to Hillside House after the May meeting. We deliver to Visiting Nurses & Hospice Care more often. Your quilts are always welcome by Hospice and are quickly distributed, adding comfort and joy to their clients.

## From the President's Desk

Signs of spring are all around us. The first robin has been spotted among the branches of a tree bursting with leaf buds and the California poppies offer a sprinkling of orange on the green hillsides. Spring happens in nature without our intervention, we merely have to look out our windows to observe the earth's renewal.

How do we facilitate our own renewal when we are in need of refreshment? The prefix *re* indicates doing something again...it is repeated or cyclical. Just as spring arrives every year, we also go through periods of wanting ourselves and our experience to be new and fresh.

I am usually in a hurry to solve problems and get things done; however, the best action plans take into consideration both feelings and practicalities. I use two journals to assist with this process, one to write about my feelings and experiences and a second to work out my creative ideas. My goal is to recognize the small changes that will lead to renewed interest, recaptured enthusiasm and revitalized creativity.

For now it's enough to notice the trees in bloom and remember that it takes time and pollination to produce fruit.

## Future Programs

### MAY

#### Christine Barnes: Color, Color, Color

This fast-paced lecture begins with a look at the three color characteristics common to all quilts and garments: value, temperature and intensity. These terms sound academic, yet they, as much as color itself, are the key to making great quilts. Learn how to use the color wheel to create fresh, unexpected color combinations. Slides of quilts from nationally known quilters are followed by Christine's quilts and a mini fashion show of her garments. [www.christine-barnes.com](http://www.christine-barnes.com)

#### May 10 Workshop: Color Camp for Quilters

Do you stress when it's time to choose colors and fabrics for a new quilt? Do you wish that you had better color sense? Come to Color Camp. This workshop is based on Christine's new book, *Color Camp for Quilters*. It will be lots of fun and lots of good information.

### JUNE

#### Guild Challenge: Judging a Book by its Cover

Challenge quilts will be displayed and people are will vote on their favorites.

### JULY

#### New Members' Ice Cream Social

## Guild Library

### Has the internet supplanted books as a source of information to the point that the guild no longer needs a library?

That is the question the Library Committee had to face in January, after a long decline of interest in the library. We answered, "We hope not," and laid out some ways we could improve service. At the March meeting, folks checked out 22 books and renewed four more, a huge improvement! Our thanks go out to these folks, who have laid the question above to rest, at least for now.

Because so many people seem unsure how the library works, here is a summary:

1. Find some books that interest you. Remember that we have some books grouped by topic on the table as well as general quilting on the top shelf of the carts. You make take out more than one book.
2. Find the book's library card inside the front cover. Fill out your name, phone number, and the month and year. Give this card to the librarian.
3. Take a reminder card with the due date on it. This replaces the library card in the pocket inside the front cover.
4. Enjoy!
5. Return the book the following month.

## 2013 Challenge: Judging a Book by Its Cover

The 2013 Challenge is just around the corner on June 13. **Quilt entries will need to be turned in at the May 9th guild meeting**, which means you only have one more month to construct your masterpiece. The entry form is included in this month's newsletter and will also be available on our website at [www.coastalquilters.org](http://www.coastalquilters.org)

**Please read the following; some of the guidelines have been modified.**

- Quilt design must be **inspired by the cover of a book** (quilt books excluded) but not be an exact replica of the book. You could be inspired by the color, graphics, title or anything else you find on the cover. *Remember that if you recreate the cover of the book exactly, you may be required to obtain permission from the artist.*
- The quilt **must be three layers and quilted** by hand or machine.
- The quilt must include a "recognizable amount" of the selected fabric (see photo), which features a navy blue background with colorful book spines forming circular designs. The qualifying fabric must be used in the body of the quilt; using it as the binding or backing does not meet the fabric challenge. Fat quarters of the fabric will be available for sale at the April guild meetings for \$2.
- You will need to submit a full-size (book size), color copy or photo of the book cover that inspires your quilt, to be displayed alongside your quilt on the night of the Challenge.

### Note change in size requirement!

- The quilt size cannot exceed 140" perimeter (for example, 30" x 40" or 25" x 35"). It cannot be smaller than 36" perimeter (9" x 9" or 8" x 10"). For those who haven't studied geometry in a while, perimeter is the entire measurement of the outside edge of the quilt on all sides.
- The **quilt, application form and photocopy of book will need to be submitted prior to or at the guild meeting on May 9th**. If you need to make special arrangements to deliver your quilt, please contact us (contact numbers on entry form.)

In addition, we will be asking our voters to look at the quilts and judge them according to the following criteria. Prizes will be awarded in each of these categories:

- Overall Favorite – Your personal favorite
- Best Overall Interpretation of Challenge Theme – based on the color and design of the quilt and in comparison to the inspiration book (and not necessarily a replica of the cover)
- Best Interpretation Based on Graphics – based on the graphics shown on the inspiration book
- Best Interpretation Based on Color – based on the colors shown on the inspiration book
- Best Use of Challenge Fabric
- Most Humorous

We will explain these categories more at the June meeting, but please contact us if you have any questions. We hope you are all ready for a great Challenge show!

We are looking for two to four volunteers to help with set up on June 13, and six to eight volunteers to help with displaying the quilts and tallying votes that evening. Please contact us if you are interested in helping.

— **Karen Pickford and Mary Ballard, 2013 Quilt Challenge Coordinators**
