## March Speaker: "Value of Value"

Fiber artist, designer, quilter, and author Grace Errea will join us in March to teach us how *value* affects the presentation of your quilt. Whether you are a beginner and want to understand how the elements of art influence design or are advanced and want to take your skills to the next level, this presentation will give you tools to create beautiful quilts. Grace will teach us how design is influenced by one extremely important art element: *value*. Value is what makes beautiful things glow even though color might get all the credit. Grace will provide an overview of color harmony, color theory, the psychology of color and the expressive aspects of color and *value*. She will show where and how to use it to create and emphasize a focal point, set a mood in an art piece, and create 3-dimensionality.

## WORKSHOP: "HEAT SET" MACHINE APPLIQUÉ

On March 9, Grace will conduct a workshop in which she will introduce us to the new technique of "Heat Set" appliqué. In this class you will learn to use an appliqué technique so new and revolutionary that you will use nothing else. It is easy and foolproof, and the results are always amazing. This technique leaves the fabric soft and manageable and you can do raw edge appliqué without any fraying edges. There will be 5 different kits (\$20 each) to choose from. To sign up, email [francinesspot@cox.net](mailto:francinesspot@cox.net).

## President's Message: Starting a Project

"Start by doing what's necessary; then do what's possible; and suddenly you are doing the impossible." Francis of Assisi

No quilt project starts easily. The necessary part is the vision of the final project. Next comes the design. Is it from a pattern you purchased or a magazine you just read? Perhaps it is an original thought of your own. The hardest part is finding the right fabric to bring your project to fruition. Slow and easy steps. Don't rush to finish, savor the experience. Some people, like myself, have a design board. I start with looking at the design for a couple of days and adjust it as I feel necessary. Next, I lay fabrics near the design and view the combination for another few days. Finally, I bite the bullet and start the process of making the quilt. How do you begin? What steps do you take? Have you ever felt that you suddenly did the impossible? I hope to see your dream at our Harvest of Colors quilt show this year.

Linda Boynton de Sepulveda, *President*

## Our Guild Needs YOU!

Each and every member of our quilt guild has amazing talents to share. As members, your passion for our art is so meaningful. To keep the guild strong and vibrant, we need to harness this passion in ways beyond creating beautiful quilts. We need volunteers to donate their time and talent for the board and the committee chair positions.

This is a great opportunity for new members. I just joined the guild last year and got the opportunity to serve on the board. It has expanded my knowledge base about how the guild operates, but more importantly it has helped me to meet many more people than I would have just by attending meetings.

For members who have been supporting the guild by attending meetings, workshops, and shows, this is an amazing way to give back and deepen your relationships. If you haven't served recently, I encourage you to serve again. Your knowledge and experience are so needed.

We have several board and committee chair positions that need to be filled, including President and Public Relations. Please consider learning more about these key positions and how you might be able to help the guild move even better this year.

You can contact me at [pamme@me.com](mailto:pamme@me.com) or 805-626-7795, or reach out to other board members and committee chairs for more information.

Remember, our guild is only as strong as our membership participation! You can make a difference.

Pamme Mickelson, *Parliamentarian*

## Challenge Quilts Due in March!

It's time for the Challenge!

March is the month to turn in your "Musical Memories, A Song From My High School Years" challenge quilt. We will begin accepting entries at the March guild meeting. We'll be located in the foyer to the side of the library area starting at 5:30. This area has an outside entrance, so please come in from there. Please print out and complete your entry form (available on the guild website)—as well as a receipt, if you need to designate someone else to pick up your entry at the April meeting.

If this date is just a little too early for you to finish, we will accept entries any Wednesday from 9 - 12 at the Goleta Valley Community Center up until March 28, the final deadline. Entries must comply with the very few but inflexible rules: outer perimeter no greater than 96", one entry per person, must represent the title of one song from your high school years, must have a sleeve, quilt only, not previously exhibited, submitted in a pillowcase, and the label should be covered. We are eager to collect these entries and to showcase them at the April meeting.

Pamela Holst, Edalee Keehn, Darilyn Kisch, Barbara MacCallum
