

"Life's a Beach" - Come and play with me in this workshop where you create a sandy beach and a choice of ocean scenes using all sorts of fun products and interesting techniques. Come learn how to use bubbled up sheer fabrics, iridescent cracked ice, Puff Paint, glitter, melted painted cellophane, Angelina Fiber, Misty Fuse, fabric paints and more to create these pieces, and carry the techniques over into your own art quilts. No pressure, just plain fun! No sewing machine needed in class.

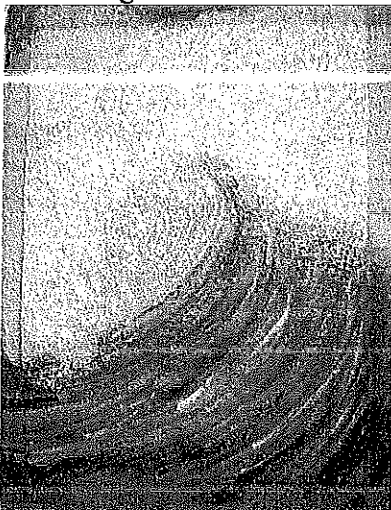

Supply fee: \$20 includes patterns & directions; iridescent cracked ice; Puff Paint, MistyFuse; Angelina fiber, cellophane, sand, Totally Stable, PFD fabric, use of fabric paints, metallic paint powders, heat gun, wood burning tool, parchment paper, sheer fabrics as needed, Shiva paint sticks.

Materials for you to bring for the Sandy Beach scene

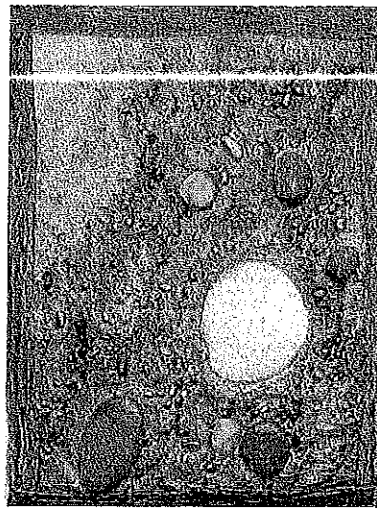

- Several small shells and small, flat rocks
- One flat focus shell (mine was a sand dollar)
- One piece tan or brown cotton fabric, 10" x 14"
- Silver, iridescent, and/or gold glitter
- Package of "white" heat bondable Angelina fiber (Aurora crystallina, blue fire, etc.)
- A few paintbrushes of various widths, fan brush if possible
- Fat quarters of white and/or iridescent sheer fabrics like sparkle organza or perle metallic sheer (for beach and waves)
- Apron

Materials for you to bring for The Perfect Wave

- Small pieces of white satin, acetate, or other shimmery white fabrics
- Fat quarters of white and/or iridescent sheer fabrics like sparkle organza or perle metallic sheer (for beach and waves)
- Pencil
- A number of small paper or plastic cups for mixing paints
- Iridescent fine white glitter
- Scotch tape
- White plastic garbage bag for painting on
- Lots of pins (I like the extra fine glass headed pins)
- Scissors for fabric
- Ultra fine Sharpie marker
- Rotary cutter and board
- Small portable fan and/or hair dryer
- Old cookie sheet
- Heat gun and/or wood burning tool if you have one

Catch a Wave!

Sandy Beach
