### Program

Norah McMeeking introduced our speaker: JUNE RYKER. June is from the Denver area where she started working and teaching at Quilts & Other Comforts. She specializes in Log Cabins and enjoys designing them so that they appear round or triangular instead of simply squares. She spoke briefly on the design and history of the Log Cabin block; shared her many quilts and gave a slide show, discussing her techniques and color selections.

After a short break at 9 p.m., the meeting resumed.
