

## ORGANIC SHAPES WORKSHOP

In this class the attendees will learn how to sew curved shapes with your sewing machine. I will explain you step by step, in detail, how to make these beautiful shapes, which will give you the possibility to freely create shapes on your quilts. In addition, I will show you 3 variants of these forms (one form on top of another, one form next to another and one form within another) and I will give you ideas to inspire you in your next creations.

### Materials Needed

- 1 fat quarter of your background fabric (solid or prints)
- Four 10" squares of fabric (different colors). These squares will be your organic shapes, can be solids or prints
- 2 colors of threads, one in a contrasting color with your background fabric and another in a matching color with your background fabric.
- Pencil / paper (for drawing)
- Seam ripper
- Scissors with a fine point for cutting fabrics
- Washable glue with a fine point applicator (could be a Helmer's glue or Roxane glue for basting).
- Fabric marker (erasable)
- Starch spray for Ironing.
- Zipper foot or basic sewing foot (A)
- Sewing machine
- Iron and ironing table
